Dear Mr. Kobly:

Thank you for your January 25, 2010 letter regarding my appointment as Minister of Finance and Enterprise. I appreciate your kind words of support.

As the newly appointed Minister of Alberta Finance and Enterprise, I will work to build a solid long-term fiscal plan to support Alberta's prosperity and put the province back in black by fiscal year 2012/13. Moving forward, my department will continue to provide expert economic, financial and fiscal policy advice to government and effective tax and regulatory administration to enhance Alberta's present and future prosperity.

This government will enhance Alberta's competitiveness to attract new investment and keep Albertans working and we will continue to promote innovation and value-added activities. I am certain this government can meet these goals and build on Alberta's strong fiscal and economic position.

Thank you for taking the time to write.

Sincerely,

Ted Morton
Minister
